SENATE RESOLUTION 223—TO COMMEMORATE THE SESQUICENTENNIAL OF TEXAS STATEHOOD

Mrs. HUTCHISON (for herself and Mr. GRAMM) submitted the following resolution; which was considered and agreed to:

S. RES. 223

Whereas 1995 marks 150 years since the United States of America admitted Texas as the 28th State in the Union;

Whereas the sesquicentennial of Texas statehood is a truly momentous occasion that allows all Texans to reflect on their State's proud heritage and bright future;

Whereas acting on the advice of President John Tyler, the United States Congress adopted a joint resolution on February 28, 1845, inviting the Republic of Texas to enter the Union as a State with full retention of its public lands; today, a century and a half later, Texas enjoys the distinction of being the only State admitted with such extensive rights;

Whereas the citizens of the Republic of Texas were deeply committed to the goals and ideals embodied in the United States Constitution, and, on June 16, 1845, the Congress of the Republic of Texas was convened by President Anson Jones to consider the proposal of statehood;

Whereas Texas took advantage of the offer, choosing to unite with a large and prosperous Nation that could more effectively defend the borders of Texas and expand its flourishing trade with European countries; by October 1845, the Congress of the Republic of Texas had approved a State constitution, charting a bold new destiny for the Lone Star State;

Whereas the proposed State constitution was sent to Washington, DC, and on December 29, 1845, the United States of America formally welcomed Texas as a new State; the transfer of governmental authority, however, was not complete until February 19, 1846, when Anson Jones lowered the flag that had flown above the Capitol for nearly 10 years and stepped down from his position as president of the Republic of Texas; and

Whereas with the poignant retirement of the flag of the Republic, Texas emerged as a blazing Lone Star in America's firmament, taking its place as the 28th State admitted into the Union: Now, therefore, be it

Resolved, That the Senate—

(1) commemorate the sesquicentennial of Texas statehood; and

(2) encourage all Texans to observe such day with appropriate ceremonies and activities on this historic occasion.

The Secretary of the Senate shall transmit a copy of this resolution to the Texas Congressional Delegation, to the Governor of Texas, to the National Archives, and to the Texas Archives.

SEC. ____ 11. GUARANTEED AVAILABILITY OF HEALTH COVERAGE.

(a) **IN GENERAL.**—

(1) **NONDISCRIMINATION.**—Except as provided in subsection (b), section ____ 12 and section ____ 13—

(A) a health plan issuer offering a group health plan may not decline to offer whole group coverage to a group purchaser desiring to purchase such coverage; and

(B) an employee health benefit plan or a health plan issuer offering a group health plan may establish eligibility, continuation of eligibility, enrollment, or premium contribution requirements under the terms of such plan, except that such requirements shall not be based on health status, medical condition, claims experience, receipt of health care, medical history, evidence of insurability, or disability.

(2) **HEALTH PROMOTION AND DISEASE PREVENTION.**—Nothing in this subsection shall prevent an employee health benefit plan or a health plan issuer from establishing premium discounts or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion and disease prevention.

(b) **APPLICATION OF CAPACITY LIMITS.**—

(1) **IN GENERAL.**—Subject to paragraph (2), a health plan issuer offering a group health plan may cease offering coverage to group purchasers under the plan if—

(A) the health plan issuer ceases to offer coverage to any additional group purchasers; and

(B) the health plan issuer can demonstrate to the applicable certifying authority (as defined in section ____ 52(d)), if required, that its financial or provider capacity to serve previously covered participants and beneficiaries (and additional participants and beneficiaries who will be expected to enroll because of their affiliation with a group purchaser or such previously covered participants or beneficiaries) will be impaired if the health plan issuer is required to offer coverage to additional group purchasers.

Such health plan issuer shall be prohibited from offering coverage after a cessation in offering coverage under this paragraph for a 6-month period or until the health plan issuer can demonstrate to the applicable certifying authority (as defined in section ____ 52(d)) that the health plan issuer has adequate capacity, whichever is later.

(2) **FIRST-COME-FIRST-SERVED.**—A health plan issuer offering a group health plan is

only eligible to exercise the limitations provided for in paragraph (1) if the health plan issuer offers coverage to group purchasers under such plan on a first-come-first-served basis or other basis established by a State to ensure a fair opportunity to enroll in the plan and avoid risk selection.

(c) **CONSTRUCTION.**—

(1) **MARKETING OF GROUP HEALTH PLANS.**—Nothing in this section shall be construed to prevent a State from requiring health plan issuers offering group health plans to actively market such plans.

(2) **INVOLUNTARY OFFERING OF GROUP HEALTH PLANS.**—Nothing in this section shall be construed to require a health plan issuer to involuntarily offer group health plans in a particular market. For the purposes of this paragraph, the term “market” means either the large employer market or the small employer market (as defined under applicable State law, or if not so defined, an employer with not more than 50 employees).

SEC. ____ 12. GUARANTEED RENEWABILITY OF HEALTH COVERAGE.

(a) **IN GENERAL.**—

(1) **GROUP PURCHASER.**—Subject to subsections (b) and (c), a group health plan shall be renewed or continued in force by a health plan issuer at the option of the group purchaser, except that the requirement of this subparagraph shall not apply in the case of—

(A) the nonpayment of premiums or contributions by the group purchaser in accordance with the terms of the group health plan or where the health plan issuer has not received timely premium payments;

(B) the health plan issuer offers to each group purchaser covered under a group health plan of this type, the option to purchase any other group health plan currently being offered by the health plan issuer; and

(C) in exercising the option to discontinue a group health plan of this type and in offering one or more replacement plans, the health plan issuer acts uniformly without regard to the health status or insurability of participants or beneficiaries covered under the group health plan, or new participants or beneficiaries who may become eligible for coverage under the group health plan.

(2) **DISCONTINUANCE OF ALL GROUP HEALTH PLANS.**—

(A) **IN GENERAL.**—In any case in which a health plan issuer elects to discontinue offering all group health plans in a State, a group health plan may be discontinued by the health plan issuer only if—

(i) the health plan issuer provides notice to the applicable certifying authority (as defined in section ____ 52(d)) and to each group purchaser (and participants and beneficiaries covered under such group health plan) of such discontinuation at least 180 days prior to the date of the expiration of such plan; and

(ii) all group health plans issued or delivered for issuance in the State are discontinued and coverage under such plans is not renewed.

(B) **APPLICATION OF PROVISIONS.**—The provisions of this paragraph and paragraph (3) may be applied separately by a health plan issuer—

(i) to all group health plans offered to small employers (as defined under applicable State law, or if not so defined, an employer with not more than 50 employees); or

(ii) to all other group health plans offered by the health plan issuer in the State.

(3) **PROHIBITION ON MARKET REENTRY.**—In the case of a discontinuation under paragraph (2), the health plan issuer may not provide for the issuance of any group health plan in the market sector (as described in paragraph (2)(B)) in which issuance of such group health plan was discontinued in the State involved during the 5-year period beginning on the date of the discontinuation of the last group health plan not so renewed.

(c) **TREATMENT OF NETWORK PLANS.**—

(1) **GEOGRAPHIC LIMITATIONS.**—A network plan (as defined in paragraph (2)) may deny continued participation under such plan to participants or beneficiaries who neither live, reside, nor work in an area in which such network plan is offered, but only if such denial is applied uniformly, without regard to health status or the insurability of particular participants or beneficiaries.

(2) **NETWORK PLAN.**—As used in paragraph (1), the term “network plan” means an employee health benefit plan or a group health

plan that arranges for the financing and delivery of health care services to participants or beneficiaries covered under such plan, in whole or in part, through arrangements with providers.

SEC. 13. PORTABILITY OF HEALTH COVERAGE AND LIMITATION ON PREEXISTING CONDITION EXCLUSIONS.

(a) **IN GENERAL.**—An employee health benefit plan or a health plan issuer offering a group health plan may impose a limitation or exclusion of benefits relating to treatment of a preexisting condition based on the fact that the condition existed prior to the coverage of the participant or beneficiary under the plan only if—

(1) the limitation or exclusion extends for a period of not more than 12 months after the date of enrollment in the plan;

(2) the limitation or exclusion does not apply to an individual who, within 30 days of the date of birth or placement for adoption (as determined under section 609(c)(3)(B) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1169(c)(3)(B))), was covered under the plan; and

(3) the limitation or exclusion does not apply to a pregnancy.

(b) **CREDITING OF PREVIOUS QUALIFYING COVERAGE.**—

(1) **IN GENERAL.**—Subject to paragraph (4), an employee health benefit plan or a health plan issuer offering a group health plan shall provide that if a participant or beneficiary is in a period of previous qualifying coverage as of the date of enrollment under such plan, any period of exclusion or limitation of coverage with respect to a preexisting condition shall be reduced by 1 month for each month in which the participant or beneficiary was in the period of previous qualifying coverage. With respect to an individual described in subsection (a)(2) who maintains continuous coverage, no limitation or exclusion of benefits relating to treatment of a preexisting condition may be applied to a child within the child's first 12 months of life or within 12 months after the placement of a child for adoption.

(2) **DISCHARGE OF DUTY.**—An employee health benefit plan shall provide documentation of coverage to participants and beneficiaries whose coverage is terminated under the plan. Pursuant to regulations promulgated by the Secretary, the duty of an employee health benefit plan to verify previous qualifying coverage with respect to a participant or beneficiary is effectively discharged when such employee health benefit plan provides documentation to a participant or beneficiary that includes the following information:

(A) the dates that the participant or beneficiary was covered under the plan; and

(B) the benefits and cost-sharing arrangement available to the participant or beneficiary under such plan.

An employee health benefit plan shall retain the documentation provided to a participant or beneficiary under subparagraphs (A) and (B) for at least the 12-month period following the date on which the participant or beneficiary ceases to be covered under the plan. Upon request, an employee health benefit plan shall provide a second copy of such documentation to such participant or beneficiary within the 12-month period following the date of such ineligibility.

(3) **DEFINITIONS.**—As used in this section:

(A) **PREVIOUS QUALIFYING COVERAGE.**—The term “previous qualifying coverage” means the period beginning on the date—

(i) a participant or beneficiary is enrolled under an employee health benefit plan or a group health plan, and ending on the date the participant or beneficiary is not so enrolled; or

(ii) an individual is enrolled under an individual health plan (as defined in section 23) or under a public or private health plan established under Federal or State law, and ending on the date the individual is not so enrolled;

for a continuous period of more than 30 days (without regard to any waiting period).

(B) **LIMITATION OR EXCLUSION OF BENEFITS RELATING TO TREATMENT OF A PREEXISTING CONDITION.**—The term “limitation or exclusion of benefits relating to treatment of a preexisting condition” means a limitation or exclusion of benefits imposed on an individual based on a preexisting condition of such individual.

(4) **EFFECT OF PREVIOUS COVERAGE.**—An employee health benefit plan or a health plan issuer offering a group health plan may impose a limitation or exclusion of benefits relating to the treatment of a preexisting condition, subject to the limits in subsection (a)(1), only to the extent that such service or benefit was not previously covered under the group health plan, employee health benefit plan, or individual health plan in which the participant or beneficiary was enrolled immediately prior to enrollment in the plan involved.

(c) **LATE ENROLLEES.**—Except as provided in section 14, with respect to a participant or beneficiary enrolling in an employee health benefit plan or a group health plan during a time that is other than the first opportunity to enroll during an enrollment period of at least 30 days, coverage with respect to benefits or services relating to the treatment of a preexisting condition in accordance with subsections (a) and (b) may be excluded, except the period of such exclusion may not exceed 18 months beginning on the date of coverage under the plan.

(d) **AFFILIATION PERIODS.**—With respect to a participant or beneficiary who would otherwise be eligible to receive benefits under an employee health benefit plan or a group health plan but for the operation of a preexisting condition limitation or exclusion, if such plan does not utilize a limitation or exclusion of benefits relating to the treatment of a preexisting condition, such plan may impose an affiliation period on such participant or beneficiary not to exceed 60 days (or in the case of a late participant or beneficiary described in subsection (c), 90 days) from the date on which the participant or beneficiary would otherwise be eligible to receive benefits under the plan. An employee health benefit plan or a health plan issuer offering a group health plan may also use alternative methods to address adverse selection as approved by the applicable certifying authority (as defined in section 52(d)). During such an affiliation period, the plan may not be required to provide health care services or benefits and no premium shall be charged to the participant or beneficiary.

(e) **PREEXISTING CONDITION.**—For purposes of this section, the term “preexisting condition” means a condition, regardless of the cause of the condition, for which medical advice, diagnosis, care, or treatment was recommended or received within the 6-month period ending on the day before the effective date of the coverage (without regard to any waiting period).

(f) **STATE FLEXIBILITY.**—Nothing in this section shall be construed to preempt State laws that—

(1) require health plan issuers to impose a limitation or exclusion of benefits relating to the treatment of a preexisting condition for periods that are shorter than those provided for under this section; or

(2) allow individuals, participants, and beneficiaries to be considered to be in a period of previous qualifying coverage if such individual, participant, or beneficiary experiences a lapse in coverage that is greater than the 30-day period provided for under subsection (b)(3);

unless such laws are preempted by section 514 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1144).

SEC. 14. SPECIAL ENROLLMENT PERIODS.

In the case of a participant, beneficiary or family member who—

(1) through marriage, separation, divorce, death, birth or placement of a child for adoption, experiences a change in family composition affecting eligibility under a group health plan, individual health plan, or employee health benefit plan;

(2) experiences a change in employment status, as described in section 603(2) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1163(2)), that causes the loss of eligibility for coverage, other than COBRA continuation coverage under a group health plan, individual health plan, or employee health benefit plan; or

(3) experiences a loss of eligibility under a group health plan, individual health plan, or employee health benefit plan because of a change in the employment status of a family member;

each employee health benefit plan and each group health plan shall provide for a special enrollment period extending for a reasonable time after such event that would permit the participant to change the individual or family basis of coverage or to enroll in the plan if coverage would have been available to such individual, participant, or beneficiary but for failure to enroll during a previous enrollment period. Such a special enrollment period shall ensure that a child born or placed for adoption shall be deemed to be covered under the plan as of the date of such birth or placement for adoption if such child is enrolled within 30 days of the date of such birth or placement for adoption.

SEC. 15. DISCLOSURE OF INFORMATION.

(a) **DISCLOSURE OF INFORMATION BY HEALTH PLAN ISSUERS.**—

(1) **IN GENERAL.**—In connection with the offering of any group health plan to a small employer (as defined under applicable State law, or if not so defined, an employer with not more than 50 employees), a health plan issuer shall make a reasonable disclosure to such employer, as part of its solicitation and sales materials, of—

(A) the provisions of such group health plan concerning the health plan issuer's right to change premium rates and the factors that may affect changes in premium rates;

(B) the provisions of such group health plan relating to renewability of coverage;

(C) the provisions of such group health plan relating to any preexisting condition provision; and

(D) descriptive information about the benefits and premiums available under all group health plans for which the employer is qualified.

Information shall be provided to small employers under this paragraph in a manner determined to be understandable by the average small employer, and shall be sufficiently accurate and comprehensive to reasonably inform small employers, participants and beneficiaries of their rights and obligations under the group health plan.

(2) EXCEPTION.—With respect to the requirement of paragraph (1), any information that is proprietary and trade secret information under applicable law shall not be subject to the disclosure requirements of such paragraph.

(3) CONSTRUCTION.—Nothing in this subsection shall be construed to preempt State reporting and disclosure requirements to the extent that such requirements are not preempted under section 514 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1144).

(b) DISCLOSURE OF INFORMATION TO PARTICIPANTS AND BENEFICIARIES.—

(1) IN GENERAL.—Section 104(b)(1) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1024(b)(1)) is amended in the matter following subparagraph (B)—

(A) by striking “102(a)(1),” and inserting “102(a)(1) that is not a material reduction in covered services or benefits provided,”; and

(B) by adding at the end thereof the following new sentences: “If there is a modification or change described in section 102(a)(1) that is a material reduction in covered services or benefits provided, a summary description of such modification or change shall be furnished to participants not later than 60 days after the date of the adoption of the modification or change. In the alternative, the plan sponsors may provide such description at regular intervals of not more than 90 days. The Secretary shall issue regulations within 180 days after the date of enactment of the Health Insurance Reform Act of 1996, providing alternative mechanisms to delivery by mail through which employee health benefit plans may notify participants of material reductions in covered services or benefits.”.

(2) PLAN DESCRIPTION AND SUMMARY.—Section 102(b) of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1022(b)) is amended—

(A) by inserting “including the office or title of the individual who is responsible for approving or denying claims for coverage of benefits” after “type of administration of the plan”;

(B) by inserting “including the name of the organization responsible for financing claims” after “source of financing of the plan”; and

(C) by inserting “including the office, contact, or title of the individual at the Department of Labor through which participants may seek assistance or information regarding their rights under this Act and the Health Insurance Reform Act of 1996 with respect to health benefits that are not offered through a group health plan.” after “benefits under the plan”.

CHAPTER 2—INDIVIDUAL MARKET RULES

SEC. 20. INDIVIDUAL HEALTH PLAN PORTABILITY.

(a) LIMITATION ON REQUIREMENTS.—

(1) IN GENERAL.—With respect to an individual desiring to enroll in an individual health plan, if such individual is in a period of previous qualifying coverage (as defined in section 13(b)(3)(A)(i)) under one or more group health plans or employee health benefit plans that commenced 18 or more months prior to the date on which such individual desires to enroll in the individual plan, a health plan issuer described in paragraph (3) may not decline to offer coverage to such individual, impose a new period of exclusion or limitation of coverage with respect to a preexisting condition (as defined in section 13(e)), or deny enrollment to such individual based on the health status, medical condition, claims experience, receipt of health care, medical history, evidence of insurability, or disability of the individual, except as described in subsections (b) and (c).

(2) HEALTH PROMOTION AND DISEASE PREVENTION.—Nothing in this subsection shall be construed to prevent a health plan issuer offering an individual health plan from establishing premium discounts or modifying otherwise applicable copayments or deductibles in return for adherence to programs of health promotion or disease prevention.

(3) HEALTH PLAN ISSUER.—A health plan issuer described in this paragraph is a health plan issuer that issues or renews individual health plans.

(4) PREMIUMS.—Nothing in this subsection shall be construed to affect the determination of a health plan issuer as to the amount of the premium payable under an individual health plan under applicable State law.

(b) ELIGIBILITY FOR OTHER GROUP COVERAGE.—The provisions of subsection (a) shall not apply to an individual who is eligible for coverage under a group health plan or an employee health benefit plan, or who has had coverage terminated under a group health plan or employee health benefit plan for failure to make required premium payments or contributions, or for fraud or misrepresentation of material fact, or who is otherwise eligible for continuation coverage as described in part 6 of subtitle B of title I of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1161 et seq.) or under an equivalent State program.

(c) APPLICATION OF CAPACITY LIMITS.—

(1) IN GENERAL.—Subject to paragraph (2), a health plan issuer offering coverage to individuals under an individual health plan may cease enrolling individuals under the plan if—

(A) the health plan issuer ceases to enroll any new individuals; and

(B) the health plan issuer can demonstrate to the applicable certifying authority (as defined in section 52(d)), if required, that its financial or provider capacity to serve previously covered individuals will be impaired if the health plan issuer is required to enroll additional individuals.

Such a health plan issuer shall be prohibited from offering coverage after a cessation in offering coverage under this paragraph for a 6-month period or until the health plan issuer can demonstrate to the applicable certifying authority (as defined in section 52(d)) that the health plan issuer has adequate capacity, whichever is later.

(2) FIRST-COME-FIRST-SERVED.—A health plan issuer offering coverage to individuals under an individual health plan is only eligible to exercise the limitations provided for in paragraph (1) if the health plan issuer provides for enrollment of individuals under such plan on a first-come-first-served basis or other basis established by a State to ensure a fair opportunity to enroll in the plan and avoid risk selection.

(d) MARKET REQUIREMENTS.—

(1) IN GENERAL.—The provisions of subsection (a) shall not be construed to require that a health plan issuer offering group health plans to group purchasers offer individual health plans to individuals.

(2) CONVERSION POLICIES.—A health plan issuer offering group health plans to group purchasers under this title shall not be deemed to be a health plan issuer offering an individual health plan solely because such health plan issuer offers a conversion policy.

(3) MARKETING OF PLANS.—Nothing in this section shall be construed to prevent a State from requiring health plan issuers offering coverage to individuals under an individual health plan to actively market such plan.

SEC. 21. GUARANTEED RENEWABILITY OF INDIVIDUAL HEALTH COVERAGE.

(a) IN GENERAL.—Subject to subsections (b) and (c), coverage for individuals under an individual health plan shall be renewed or con-

tinued in force by a health plan issuer at the option of the individual, except that the requirement of this subsection shall not apply in the case of—

(1) the nonpayment of premiums or contributions by the individual in accordance with the terms of the individual health plan or where the health plan issuer has not received timely premium payments;

(2) fraud or misrepresentation of material fact on the part of the individual; or

(3) the termination of the individual health plan in accordance with subsection (b).

(b) TERMINATION OF INDIVIDUAL HEALTH PLANS.—

(1) PARTICULAR TYPE OF INDIVIDUAL HEALTH PLAN NOT OFFERED.—In any case in which a health plan issuer decides to discontinue offering a particular type of individual health plan to individuals, an individual health plan may be discontinued by the health plan issuer only if—

(A) the health plan issuer provides notice to each individual covered under the plan of such discontinuation at least 90 days prior to the date of the expiration of the plan;

(B) the health plan issuer offers to each individual covered under the plan the option to purchase any other individual health plan currently being offered by the health plan issuer to individuals; and

(C) in exercising the option to discontinue the individual health plan and in offering one or more replacement plans, the health plan issuer acts uniformly without regard to the health status or insurability of particular individuals.

(2) DISCONTINUANCE OF ALL INDIVIDUAL HEALTH PLANS.—In any case in which a health plan issuer elects to discontinue all individual health plans in a State, an individual health plan may be discontinued by the health plan issuer only if—

(A) the health plan issuer provides notice to the applicable certifying authority (as defined in section 52(d)) and to each individual covered under the plan of such discontinuation at least 180 days prior to the date of the discontinuation of the plan; and

(B) all individual health plans issued or delivered for issuance in the State are discontinued and coverage under such plans is not renewed.

(3) PROHIBITION ON MARKET REENTRY.—In the case of a discontinuation under paragraph (2), the health plan issuer may not provide for the issuance of any individual health plan in the State involved during the 5-year period beginning on the date of the discontinuation of the last plan not so renewed.

(c) TREATMENT OF NETWORK PLANS.—

(1) GEOGRAPHIC LIMITATIONS.—A health plan issuer which offers a network plan (as defined in paragraph (2)) may deny continued participation under the plan to individuals who neither live, reside, nor work in an area in which the individual health plan is offered, but only if such denial is applied uniformly, without regard to health status or the insurability of particular individuals.

(2) NETWORK PLAN.—As used in paragraph (1), the term “network plan” means an individual health plan that arranges for the financing and delivery of health care services to individuals covered under such health plan, in whole or in part, through arrangements with providers.

SEC. 22. STATE FLEXIBILITY IN INDIVIDUAL MARKET REFORMS.

(a) IN GENERAL.—With respect to any State law with respect to which the Governor of the State notifies the Secretary of Health and Human Services that such State law will achieve the goals of sections 20 and 21, and that is in effect on, or enacted after, the date of enactment of this Act (such as laws providing for guaranteed issue, open

enrollment by one or more health plan issuers, high-risk pools, or mandatory conversion policies), such State law shall apply in lieu of the standards described in sections 20 and 21 unless the Secretary of Health and Human Services determines, after considering the criteria described in subsection (b)(1), in consultation with the Governor and Insurance Commissioner or chief insurance regulatory official of the State, that such State law does not achieve the goals of providing access to affordable health care coverage for those individuals described in sections 20 and 21.

(b) DETERMINATION.—

(1) IN GENERAL.—In making a determination under subsection (a), the Secretary of Health and Human Services shall only—

(A) evaluate whether the State law or program provides guaranteed access to affordable coverage to individuals described in sections 20 and 21;

(B) evaluate whether the State law or program provides coverage for preexisting conditions (as defined in section 13(e)) that were covered under the individuals' previous group health plan or employee health benefit plan for individuals described in sections 20 and 21;

(C) evaluate whether the State law or program provides individuals described in sections 20 and 21 with a choice of health plans or a health plan providing comprehensive coverage; and

(D) evaluate whether the application of the standards described in sections 20 and 21 will have an adverse impact on the number of individuals in such State having access to affordable coverage.

(a) DEFINITION.—As used in this title, the term “health plan purchasing cooperative” means a group of individuals or employers that, on a voluntary basis and in accordance with this section, form a cooperative for the purpose of purchasing individual health plans or group health plans offered by health plan issuers. A health plan issuer, agent, broker or any other individual or entity engaged in the sale of insurance may not underwrite a cooperative.

(b) CERTIFICATION.—

(1) IN GENERAL.—If a group described in subsection (a), desires to form a health plan purchasing cooperative in accordance with this section and such group appropriately notifies the State and the Secretary of such desire, the State, upon a determination that such group meets the requirements of this section, shall certify the group as a health plan purchasing cooperative. The State shall make a determination of whether such group meets the requirements of this section in a timely fashion. Each such cooperative shall also be registered with the Secretary.

(2) STATE REFUSAL TO CERTIFY.—If a State fails to implement a program for certifying health plan purchasing cooperatives in accordance with the standards under this title, the Secretary shall certify and oversee the operations of such cooperatives in such State.

(3) INTERSTATE COOPERATIVES.—For purposes of this section, a health plan purchasing cooperative operating in more than one State shall be certified by the State in which the cooperative is domiciled. States may enter into cooperative agreements for the purpose of certifying and overseeing the operation of such cooperatives. For purposes of this subsection, a cooperative shall be considered to be domiciled in the State in which most of the members of the cooperative reside.

(c) BOARD OF DIRECTORS.—

(1) IN GENERAL.—Each health plan purchasing cooperative shall be governed by a Board of Directors that shall be responsible for ensuring the performance of the duties of the cooperative under this section. The Board shall be composed of a broad cross-section of representatives of employers, employees, and individuals participating in the cooperative. A health plan issuer, agent, broker or any other individual or entity engaged in the sale of individual health plans or group health plans may not hold or control any right to vote with respect to a cooperative.

Nothing in the preceding sentence shall limit a member of the Board from purchasing coverage offered through the cooperative. This paragraph shall not apply to any management personnel who is not employed by, or getting any remuneration from, a health plan issuer offering a group health or individual health plan, but who, as a result of performing marketing functions as required under subsection (e)(1)(E), is mandated by State law to be licensed as an agent or broker.

(2) MARKETING AREA.—A State may establish rules regarding the geographic area that must be served by a health plan purchasing cooperative. With respect to a State that has not established such rules, a health plan purchasing cooperative operating in the State shall define the boundaries of the area to be served by the cooperative, except that such boundaries may not be established on the basis of health status or insurability of the populations that reside in the area.

(e) DUTIES AND RESPONSIBILITIES.—

(1) IN GENERAL.—A health plan purchasing cooperative shall—

(A) enter into agreements with multiple, unaffiliated health plan issuers, except that the requirement of this subparagraph shall not apply in regions (such as remote or frontier areas) in which compliance with such requirement is not possible;

(B) enter into agreements with employers and individuals who become members of the cooperative;

(C) participate in any program of risk-adjustment or reinsurance, or any similar program, that is established by the State;

(2) assume financial risk directly or indirectly on behalf of members of a health plan purchasing cooperative relating to any group health plan or individual health plan;

(3) establish eligibility, continuation of eligibility, enrollment, or premium contribution requirements for participants, beneficiaries, or individuals based on health status, medical condition, claims experience, receipt of health care, medical history, evidence of insurability, or disability;

(4) operate on a for-profit or other basis where the legal structure of the cooperative permits profits to be made and not returned to the members of the cooperative, except that a for-profit health plan purchasing cooperative may be formed by a nonprofit organization or organizations—

(A) in which membership in such organization is not based on health status, medical condition, claims experience, receipt of health care, medical history, evidence of insurability, or disability; and

(B) that accepts as members all employers or individuals on a first-come, first-served basis, subject to any established limit on the maximum size of and employer that may become a member; or

(5) perform any other activities that conflict or are inconsistent with the performance of its duties under this title.

(g) LIMITED PREEMPTION OF CERTAIN STATE LAWS.—

(1) IN GENERAL.—With respect to a health plan purchasing cooperative that meets the

requirements of this section, State fictitious group laws shall be preempted.

(A) **RATING.**—With respect to a health plan issuer offering a group health plan or individual health plan through a health plan purchasing cooperative that meets the requirements of this section, State premium rating requirement laws, except to the extent provided under subparagraph (B), shall be preempted unless such laws permit premium rates negotiated by the cooperative to be less than rates that would otherwise be permitted under State law, if such rating differential is not based on differences in health status or demographic factors.

(B) **EXCEPTION.**—State laws referred to in subparagraph (A) shall not be preempted if such laws—

(i) prohibit the variance of premium rates among employers, plan sponsors, or individuals that are members of a health plan purchasing cooperative in excess of the amount of such variations that would be permitted under such State rating laws among employers, plan sponsors, and individuals that are not members of the cooperative; and

(ii) prohibit a percentage increase in premium rates for a new rating period that is in excess of that which would be permitted under State rating laws.

(C) **BENEFITS.**—Except as provided in subparagraph (D), a health plan issuer offering a group health plan or individual health plan through a health plan purchasing cooperative shall comply with all State mandated benefit laws that require the offering of any services, category or care, or services of any class or type of provider.

(D) **EXCEPTION.**—In those States that have enacted laws authorizing the issuance of alternative benefit plans to small employers, health plan issuers may offer such alternative benefit plans through a health plan purchasing cooperative that meets the requirements of this section.

(h) **RULES OF CONSTRUCTION.**—Nothing in this section shall be construed to—

(6) confer authority upon a State (or the Federal Government) that the State (or Federal Government) would not otherwise have to regulate group purchasing arrangements, coalitions, association plans, or other similar entities that do not desire to become a health plan purchasing cooperative in accordance with this section.

Section 1123 of the Food Security Act of 1985 (7 U.S.C. 1736r) is amended to read as follows:

"SEC. 1123. TRADE NEGOTIATIONS POLICY.

"(a) FINDINGS.—Congress finds that—

"(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;

"(2) exports of United States agricultural products will account for \$53,000,000,000 in 1995, contributing a net \$24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;

"(3) increased agricultural exports are critical to the future of the farm, rural, and

overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;

"(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;

"(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market access opportunities for United States exports of agricultural products, for the first time—

"(A) restraining foreign trade-distorting domestic support and export subsidy programs; and

"(B) developing common rules for the application of sanitary and phytosanitary restrictions;

that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;

"(6) the Uruguay Round Agreement on Agriculture did not succeed in completely eliminating trade distorting domestic support and export subsidies by—

"(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and

"(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use nontransparent and discriminatory pricing as a hidden de facto export subsidy;

"(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward possible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and

"(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

"(b) GOALS OF THE UNITED STATES IN AGRICULTURAL TRADE NEGOTIATIONS.—The objectives of the United States with respect to future negotiations on agricultural trade include—

"(1) increasing opportunities for United States exports of agricultural products by eliminating or substantially reducing tariff and nontariff barriers to trade;

"(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;

"(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at below domestic market prices nor their full costs of acquiring and delivering agricultural products to the foreign markets; and

"(4) encouraging government policies that avoid price-depressing surpluses."

SEC. 314. ENVIRONMENTAL QUALITY INCENTIVES PROGRAM.

Subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.) is amended by adding at the end the following:

“CHAPTER 4—ENVIRONMENTAL QUALITY INCENTIVES PROGRAM

“SEC. 1238. FINDINGS AND PURPOSES.

“(a) FINDINGS.—Congress finds that—

“(1) farmers and ranchers cumulatively manage more than ½ of the private lands in the continental United States;

“(2) because of the predominance of agriculture, the soil, water, and related natural resources of the United States cannot be protected without cooperative relationships between the Federal Government and farmers and ranchers;

“(3) farmers and ranchers have made tremendous progress in protecting the environment and the agricultural resource base of the United States over the past decade because of not only Federal Government programs but also their spirit of stewardship and the adoption of effective technologies;

“(4) it is in the interest of the entire United States that farmers and ranchers continue to strive to preserve soil resources and make more efforts to protect water quality and wildlife habitat, and address other broad environmental concerns;

“(5) environmental strategies that stress the prudent management of resources, as opposed to idling land, will permit the maximum economic opportunities for farmers and ranchers in the future;

“(6) unnecessary bureaucratic and paperwork barriers associated with existing agricultural conservation assistance programs decrease the potential effectiveness of the programs; and

“(7) the recent trend of Federal spending on agricultural conservation programs suggests that assistance to farmers and ranchers in future years will, absent changes in policy, dwindle to perilously low levels.

“(b) PURPOSES.—The purposes of the environmental quality incentives program established by this chapter are to—

“(1) combine into a single program the functions of—

“(A) the agricultural conservation program authorized by sections 7 and 8 of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590g and 590h) (as in effect before the amendments made by section 355(a)(1) of the Agricultural Reform and Improvement Act of 1996);

“(B) the Great Plains conservation program established under section 16(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590p(b)) (as in effect before the amendment made by section 355(b)(1) of the Agricultural Reform and Improvement Act of 1996); and

“(C) the water quality incentives program established under chapter 2 (as in effect before the amendment made by section 355(k) of the Agricultural Reform and Improvement Act of 1996); and

“(C) the Colorado River Basin salinity control program established under section 202(c) of the Colorado River Basin Salinity Control Act (43 U.S.C. 1592(c)) (as in effect before the amendment made by section 355(c)(1) of the Agricultural Reform and Improvement Act of 1996); and

“(2) carry out the single program in a manner that maximizes environmental benefits per dollar expended, and that provides—

“(A) flexible technical and financial assistance to farmers and ranchers that face the most serious threats to soil, water, and related natural resources, including grazing lands, wetlands, and wildlife habitat;

“(B) assistance to farmers and ranchers in complying with this title and Federal and State environmental laws, and to encourage environmental enhancement;

“(C) assistance to farmers and ranchers in making beneficial, cost-effective changes to

cropping systems, grazing management, manure, nutrient, pest, or irrigation management, land uses, or other measures needed to conserve and improve soil, water, and related natural resources; and

“(D) for the consolidation and simplification of the conservation planning process to reduce administrative burdens on the owners and operators of farms and ranches.

“SEC. 1238A. DEFINITIONS.

“In this chapter:

SEC. 354. CONSERVATION OF PRIVATE GRAZING LAND.

(a) FINDINGS.—Congress finds that—

(1) privately owned grazing land constitutes nearly ½ of the non-Federal land of the United States and is basic to the environmental, social, and economic stability of rural communities;

(2) privately owned grazing land contains a complex set of interactions among soil, water, air, plants, and animals;

(3) grazing land constitutes the single largest watershed cover type in the United States and contributes significantly to the quality and quantity of water available for all of the many uses of the land;

(4) private grazing land constitutes the most extensive wildlife habitat in the United States;

(5) private grazing land can provide opportunities for improved nutrient management from land application of animal manures and other by-product nutrient resources;

(6) owners and managers of private grazing land need to continue to recognize conservation problems when the problems arise and receive sound technical assistance to improve or conserve grazing land resources to meet ecological and economic demands;

(7) new science and technology must continually be made available in a practical manner so owners and managers of private grazing land may make informed decisions concerning vital grazing land resources;

(8) agencies of the Department of Agriculture with private grazing land responsibilities are the agencies that have the expertise and experience to provide technical assistance, education, and research to owners and managers of private grazing land for the long-term productivity and ecological health of grazing land;

(9) although competing demands on private grazing land resources are greater than ever before, assistance to private owners and managers of private grazing land is currently limited and does not meet the demand and basic need for adequately sustaining or enhancing the private grazing lands resources; and

(10) privately owned grazing land can be enhanced to provide many benefits to all Americans through voluntary cooperation among owners and managers of the land, local conservation districts, and the agencies of the Department of Agriculture responsible for providing assistance to owners and managers of land and to conservation districts.

(b) PURPOSE.—It is the purpose of this section to authorize the Secretary of Agri-

culture to provide a coordinated technical, educational, and related assistance program to conserve and enhance private grazing land resources and provide related benefits to all citizens of the United States by—

(1) establishing a coordinated and cooperative Federal, State, and local grazing conservation program for management of private grazing land;

(2) strengthening technical, educational, and related assistance programs that provide assistance to owners and managers of private grazing land;

(3) conserving and improving wildlife habitat on private grazing land;

(4) conserving and improving fish habitat and aquatic systems through grazing land conservation treatment;

(5) protecting and improving water quality;

(6) improving the dependability and consistency of water supplies;

(7) identifying and managing weed, noxious weed, and brush encroachment problems on private grazing land; and

(8) integrating conservation planning and management decisions by owners and managers of private grazing land, on a voluntary basis.

(c) DEFINITIONS.—In this section:

(1) PRIVATE GRAZING LAND.—The term “private grazing land” means privately owned, State-owned, tribally-owned, and any other non-federally owned rangeland, pastureland, grazed forest land, and hay land.

(2) SECRETARY.—The term “Secretary” means the Secretary of Agriculture, acting through the Natural Resources Conservation Service.

(2) the production and processing of popcorn plays a significant role in the economy of the United States in that popcorn is processed by several popcorn processors, distributed through wholesale and retail outlets, and consumed by millions of people throughout the United States and foreign countries;

(3) popcorn must be of high quality, readily available, handled properly, and marketed efficiently to ensure that the benefits of popcorn are available to the people of the United States;

SEC. 761. COMMODITY PROMOTION AND EVALUATION.

(a) FINDINGS.—Congress finds that—

(1) it is in the national public interest and vital to the welfare of the agricultural economy of the United States to expand and develop markets for agricultural commodities through generic, industry-funded promotion programs;

(2) the programs play a unique role in advancing the demand for agricultural commodities, since the programs increase the total market for a product to the benefit of consumers and all producers;

(3) the programs complement branded advertising initiatives, which are aimed at increasing the market share of individual competitors;

(4) the programs are of particular benefit to small producers, who may lack the resources or market power to advertise on their own;

(5) the programs do not impede the branded advertising efforts of individual firms but instead increase market demand by methods that each individual entity would not have the incentive to employ;

(6) the programs, paid for by the producers who directly reap the benefits of the programs, provide a unique opportunity for agricultural producers to inform consumers about their products;

(7) it is important to ensure that the programs be carried out in an effective and coordinated manner that is designed to strengthen the position of the commodities in the marketplace and to maintain and expand the markets and uses of the commodities; and

(8) independent evaluation of the effectiveness of the programs will assist Congress and the Secretary of Agriculture in ensuring that the objectives of the programs are met.

(b) INDEPENDENT EVALUATIONS.—Except as otherwise provided by law, and at such intervals as the Secretary of Agriculture may determine, but not more frequently than every 3 years or 3 years after the establishment of a program, the Secretary shall require that each industry-funded generic promotion program authorized by Federal law for an agricultural commodity shall provide for an independent evaluation of the program and the effectiveness of the program. The evaluation may include an analysis of benefits, costs, and the efficacy of promotional and research efforts under the program. The evaluation shall be funded from industry assessments and made available to the public.

(c) ADMINISTRATIVE COSTS.—The Secretary shall provide to Congress annually information on administrative expenses on programs referred to in subsection (b).

(B) the Public Health Service, in September 1992, recommended that all women of childbearing age in the United States who are capable of becoming pregnant should consume 0.4 mg of folic acid per day for the purpose of reducing their risk of having a pregnancy affected with spina bifida or other neural tube birth defects; and

(C) the Food and Drug Administration has also approved a health claim for folic acid to reduce the risk of neural tube birth defects;

(5) infants who fail to receive adequate intakes of iron may be somewhat impaired in their mental and behavioral development; and

(ii) NET GAINS.—Net gains on peanuts in each pool, unless otherwise approved by the Secretary, shall be distributed only to producers who placed peanuts in the pool and shall be distributed in proportion to the value of the peanuts placed in the pool by each producer. Net gains for peanuts in each pool shall consist of the following:

(I) QUOTA PEANUTS.—For quota peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool plus an amount from all additional pool gains equal to any loss on disposition of all peanuts in the pool for quota peanuts.

(II) ADDITIONAL PEANUTS.—For additional peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool for additional peanuts less any amount allocated to offset any loss on the pool for quota peanuts as provided in subclause (I).

(4) LOSSES.—

(A) OTHER PRODUCERS IN SAME POOL.—Losses in an area quota pool shall be offset by reducing the gain of any producer in the pool by the amount of pool gains attributable to the same producer from the sale of additional peanuts for domestic and edible use or export.

(B) QUOTA PEANUTS PLACED UNDER LOAN.—Net gains on additional peanuts within an area (other than net gains on additional pea-

nuts in separate type pools established under paragraph (3)(B)(i) for Valencia peanuts produced in New Mexico) shall be first reduced to the extent of any loss by the Commodity Credit Corporation on quota peanuts placed under loan in the area, in such manner as the Secretary shall by regulation prescribe.

(C) QUOTA LOAN POOLS.—

(i) TRANSFERS FROM ADDITIONAL LOAN POOLS.—The proceeds due any producer from any pool shall be reduced by the amount of any loss that is incurred with respect to peanuts transferred from an additional loan pool to a quota loan pool by the producer under section 358-1(b)(9) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(b)(9)).

(ii) USE OF MARKETING ASSESSMENTS.—The Secretary shall use funds collected under paragraph (7) to offset further losses in area quota pools. At the end of each year, the Secretary shall transfer to the Treasury the funds collected under paragraph (7) that the Secretary determines are not required to cover losses in area quota pools.

(iii) CROSS COMPLIANCE.—Further losses in area quota pools, other than losses incurred as a result of transfers from additional loan pools to quota loan pools under section 358-1(b)(9) of the Agricultural Adjustment Act of 1938, shall be offset by any gains or profits from pools in other production areas (other than separate type pools established under paragraph (3)(B)(i) for Valencia peanuts produced in New Mexico) in such manner as the Secretary shall by regulation prescribe.

(iv) INCREASED ASSESSMENTS.—If actions taken under clauses (i) through (iii) are not sufficient to cover losses in area pools, the Secretary shall increase the marketing assessment established under paragraph (7) by such amount as the Secretary considers necessary to cover the losses. Amounts collected under paragraph (7) as a result of the increased assessment shall be retained by the Secretary to cover losses in the pool.

(5) DISAPPROVAL OF QUOTAS.—Notwithstanding any other provision of law, no price support may be made available by the Secretary for any crop of peanuts with respect to which poundage quotas have been disapproved by producers, as provided for in section 358-1(d) of the Agricultural Adjustment Act of 1938.

(6) QUALITY IMPROVEMENT.—

(A) PRICE SUPPORT PEANUTS.—With respect to peanuts under price support loan, the Secretary shall—

(i) promote the crushing of peanuts at a greater risk of deterioration before peanuts of a lesser risk of deterioration;

(ii) ensure that all Commodity Credit Corporation loan stocks of peanuts sold for domestic edible use must be shown to have been officially inspected by licensed Department of Agriculture inspectors both as farmer stock and shelled or cleaned in-shell peanuts;

(iii) continue to endeavor to operate the peanut price support program so as to improve the quality of domestic peanuts and ensure the coordination of activities under the Peanut Administrative Committee established under Marketing Agreement No. 146, regulating the quality of domestically produced peanuts (under the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 601 et seq.)); and

(iv) ensure that any changes made in the price support program as a result of this subsection requiring additional production or handling at the farm level shall be reflected as an upward adjustment in the Department of Agriculture loan schedule.

(B) EXPORTS AND OTHER PEANUTS.—

(i) IN GENERAL.—The Secretary shall require that all peanuts, including peanuts imported into the United States, meet all United States quality standards under Mar-

keting Agreement No. 146, regulating the quality of domestically produced peanuts (under the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937), and that importers of the peanuts fully comply with inspection, handling, storage, and processing requirements implemented under Marketing Agreement No. 146.

(7) MARKETING ASSESSMENT.—

(A) IN GENERAL.—The Secretary shall provide, by regulation, for a nonrefundable marketing assessment equal to 1.2 percent of the national average quota or additional peanut support rate per pound, as applicable, on all peanuts sold in the United States during each of the 1996 through 2002 marketing years.

(B) TREATMENT OF IMPORTED PEANUTS.—For the purposes of determining the applicable assessment rate under this section, imported peanuts shall be treated as additional peanuts.

(C) FIRST PURCHASERS.—

(i) DEFINITION OF FIRST PURCHASER.—In this clause, the term 'first purchaser' means a person acquiring peanuts from a producer, or a person that imports peanuts, except that in the case of peanuts forfeited by a producer to the Commodity Credit Corporation, the term means the person acquiring the peanuts from the Commodity Credit Corporation.

(iii) IMPORTED PEANUTS.—In the case of imported peanuts, the first purchaser shall pay to the Commodity Credit Corporation, in a manner specified by the Secretary, a marketing assessment in an amount equal to the quantity of peanuts acquired multiplied by 1.2 percent of the national average support rate for additional peanuts.

(D) OTHER PRIVATE MARKETINGS.—In the case of a private marketing by a producer directly to a consumer through a retail or wholesale outlet or in the case of a marketing by the producer outside of the continental United States, the producer shall be responsible for the full amount of the assessment and shall remit the assessment by such time as is specified by the Secretary.

(E) LOAN PEANUTS.—In the case of peanuts that are pledged as collateral for a price support loan made under this section, ½ of the assessment shall be deducted from the proceeds of the loan. The remainder of the assessment shall be paid by the first purchaser of the peanuts. For purposes of computing net gains on peanuts under this section, the reduction in loan proceeds shall be treated as having been paid to the producer.

(F) PENALTIES.—If any person fails to collect or remit the reduction required by this subsection or fails to comply with such requirements for recordkeeping or otherwise as are required by the Secretary to carry out this subsection, the person shall be liable to

the Secretary for a civil penalty up to an amount determined by multiplying—

(i) the quantity of peanuts involved in the violation; by

(ii) the national average quota peanut price support level for the applicable crop year.

“(2) INCREASES IN SUPPORT LEVEL.—The Secretary may increase the support level for each crop of domestically grown sugarcane and sugar beets from the level determined for the preceding crop based on such factors as the Secretary determines appropriate, including changes (during the 2 crop years immediately preceding the crop year for which the determination is made) in the cost of sugar products, the cost of domestic sugar production, the amount of any applicable assessments, and other factors or circumstances that may adversely affect domestic sugar production.

Any recourse loan previously made available by the Secretary and not repaid under this section during the fiscal year shall be converted into a nonrecourse loan.

“(3) PROCESSOR ASSURANCES.—To effectively support the prices of sugar beets and sugarcane received by a producer, the Secretary shall obtain from each processor that receives a loan under this section such assurances as the Secretary considers adequate that, if the Secretary is required under paragraph (2) to make nonrecourse loans available, or convert recourse loans into nonrecourse loans, each producer served by the processor will receive the appropriate minimum payment for sugar beets and sugarcane delivered by the producer, as determined by the Secretary.

“(g) ANNOUNCEMENTS.—The Secretary shall announce the type of loans available and the loan rates for beet and cane sugar for any fiscal year under this section as far in advance as is practicable.

“(5) MARKETING LOAN PROVISIONS.—If the Secretary determines that the prevailing

world market price for wool (adjusted to United States quality and location) is below the loan level determined under paragraphs (1) through (4), to make United States wool competitive, the Secretary shall permit a producer to repay a loan made for any marketing year at the lesser of—

“(A) the loan level determined for the marketing year; or

The Secretary may consider whether the producer made a good faith effort to comply fully with the terms and conditions of the program in determining whether equitable relief is warranted under this paragraph.

Mr. HELMS submitted an amendment intended to be proposed by him to amendment No. 3184 proposed by Mr. LEAHY to the bill S. 1541, supra; as follows:

On page 1-50, between lines 21 and 22, insert the following:

(5) REDUCTION FOR CERTAIN OFFERS FROM HANDLERS.—The Secretary shall reduce the loan rate for quota peanuts by 5 percent for any producer who had an offer from a handler, at the time and place of delivery, to purchase quota peanuts from the farm on which the peanuts were produced at a price equal to or greater than the applicable loan rate for quota peanuts.

On page 1-55, strike lines 4 through 23 and insert the following:

(3) OFFSET WITHIN AREA.—Further losses in an area quota pool shall be offset by any gains or profits from additional peanuts (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) owned or controlled by the Commodity Credit Corporation in that area and sold for domestic edible use, in accordance with regulations issued by the Secretary.

(4) USE OF MARKETING ASSESSMENTS.—The Secretary shall use funds collected under subsection (g) (except funds attributable to handlers) to offset further losses in area quota pools. The Secretary shall transfer to the Treasury those funds collected under subsection (g) and available for use under this subsection that the Secretary determines are not required to cover losses in area quota pools.

(5) CROSS COMPLIANCE.—Further losses in area quota pools, other than losses incurred as a result of transfers from additional loan pools to quota loan pools under section 358-1(b)(8) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(b)(8)), shall be offset by any gains or profits from quota pools in other production areas (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) in such manner as the Secretary shall by regulation prescribe.

(6) OFFSET GENERALLY.—If losses in an area quota pool have not been entirely offset under paragraph (3), further losses shall be offset by any gains or profits from additional peanuts (other than separate type pools established under subsection (c)(2)(A) for Valencia peanuts produced in New Mexico) owned or controlled by the Commodity Credit Corporation and sold for domestic edible use, in accordance with regulations issued by the Secretary. The authorities provided in the preceding paragraphs is not sufficient to cover losses in an area quota pool. The Secretary shall increase the marketing as-

essment established under subsection (g) by such an amount as the Secretary considers necessary to cover the losses. The increased assessment shall apply to quota peanuts in the production area covered by the pool.

SEC. 106. PEANUT PROGRAM.

(a) QUOTA PEANUTS.—

(1) AVAILABILITY OF LOANS.—The Secretary shall make nonrecourse loans available to producers of quota peanuts.

(2) LOAN RATE.—The national average quota loan rate for quota peanuts shall be \$610 per ton.

(3) INSPECTION, HANDLING, OR STORAGE.—The loan amount may not be reduced by the Secretary by any deductions for inspection, handling, or storage.

(4) LOCATION AND OTHER FACTORS.—The Secretary may make adjustments in the loan rate for quota peanuts for location of peanuts and such other factors as are authorized by section 411 of the Agricultural Adjustment Act of 1938.

(b) ADDITIONAL PEANUTS.—

(1) IN GENERAL.—The Secretary shall make nonrecourse loans available to producers of additional peanuts at such rates as the Secretary finds appropriate, taking into consideration the demand for peanut oil and peanut meal, expected prices of other vegetable oils and protein meals, and the demand for peanuts in foreign markets.

(2) ANNOUNCEMENT.—The Secretary shall announce the loan rate for additional peanuts of each crop not later than February 15 preceding the marketing year for the crop for which the loan rate is being determined.

(c) AREA MARKETING ASSOCIATIONS.—

(1) WAREHOUSE STORAGE LOANS.—

(A) IN GENERAL.—In carrying out subsections (a) and (b), the Secretary shall make warehouse storage loans available in each of the producing areas (described in section 1446.95 of title 7 of the Code of Federal Regulations (January 1, 1989)) to a designated area marketing association of peanut producers that is selected and approved by the Secretary and that is operated primarily for the purpose of conducting the loan activities. The Secretary may not make warehouse storage loans available to any cooperative that is engaged in operations or activities concerning peanuts other than those operations and activities specified in this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(B) ADMINISTRATIVE AND SUPERVISORY ACTIVITIES.—An area marketing association shall be used in administrative and supervisory activities relating to loans and marketing activities under this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(C) ASSOCIATION COSTS.—Loans made to the association under this paragraph shall include such costs as the area marketing association reasonably may incur in carrying out the responsibilities, operations, and activities of the association under this section and section 358e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359a).

(2) POOLS FOR QUOTA AND ADDITIONAL PEANUTS.—

(A) IN GENERAL.—The Secretary shall require that each area marketing association establish pools and maintain complete and accurate records by area and segregation for quota peanuts handled under loan and for additional peanuts placed under loan, except that separate pools shall be established for Valencia peanuts produced in New Mexico.

(B) ELIGIBILITY TO PARTICIPATE.—

(i) IN GENERAL.—Except as provided in clause (ii), in the case of the 1996 and subsequent crops, Valencia peanuts not physically produced in the State of New Mexico shall not be eligible to participate in the pools of the State.

(ii) EXCEPTION.—A resident of the State of New Mexico may enter Valencia peanuts that are produced outside of the State into the pools of the State in a quantity that is not greater than the 1995 crop of the resident.

(C) TYPES OF PEANUTS.—Bright hull and dark hull Valencia peanuts shall be considered as separate types for the purpose of establishing the pools.

(D) NET GAINS.—Net gains on peanuts in each pool, unless otherwise approved by the Secretary, shall be distributed only to producers who placed peanuts in the pool and shall be distributed in proportion to the value of the peanuts placed in the pool by each producer. Net gains for peanuts in each pool shall consist of the following:

(i) QUOTA PEANUTS.—For quota peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool.

(ii) ADDITIONAL PEANUTS.—For additional peanuts, the net gains over and above the loan indebtedness and other costs or losses incurred on peanuts placed in the pool for additional peanuts.

(d) LOSSES.—Losses in quota area pools shall be covered using the following sources in the following order of priority:

(1) TRANSFERS FROM ADDITIONAL LOAN POOLS.—The proceeds due any producer from any pool shall be reduced by the amount of any loss that is incurred with respect to peanuts transferred from an additional loan pool to a quota loan pool by the producer under section 358-1(b)(8) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(b)(8)).

(2) OTHER PRODUCERS IN SAME POOL.—Further losses in an area quota pool shall be offset by reducing the gain of any producer in the pool by the amount of pool gains attributed to the same producer from the sale of additional peanuts for domestic and export edible use.

(4) USE OF MARKETING ASSESSMENTS.—The Secretary shall use funds collected under subsection (g) (except funds attributable to handlers) to offset further losses in area quota pools. The Secretary shall transfer to the Treasury those funds collected under subsection (g) and available for use under this subsection that the Secretary determines are not required to cover losses in area quota pools.

(6) INCREASED ASSESSMENTS.—If use of the authorities provided in the preceding paragraphs is not sufficient to cover losses in an area quota pool, the Secretary shall increase the marketing assessment established under subsection (g) by such an amount as the Secretary considers necessary to cover the losses. The increased assessment shall apply only to quota peanuts in the production area covered by the pool. Amounts collected under subsection (g) as a result of the increased assessment shall be retained by the Secretary to cover losses in that pool.

(e) DISAPPROVAL OF QUOTAS.—Notwithstanding any other provision of law, no loan for quota peanuts may be made available by the Secretary for any crop of peanuts with respect to which poundage quotas have been disapproved by producers, as provided for in section 358-1(d) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358-1(d)).

(f) QUALITY IMPROVEMENT.—

(1) IN GENERAL.—With respect to peanuts under loan, the Secretary shall—

(A) promote the crushing of peanuts at a greater risk of deterioration before peanuts of a lesser risk of deterioration;

(B) ensure that all Commodity Credit Corporation inventories of peanuts sold for domestic edible use must be shown to have been officially inspected by licensed Department inspectors both as farmer stock and shelled or cleaned in-shell peanuts;

(C) continue to endeavor to operate the peanut program so as to improve the quality of domestic peanuts and ensure the coordination of activities under the Peanut Administrative Committee established under Marketing Agreement No. 146, regulating the quality of domestically produced peanuts (under the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937); and

(D) ensure that any changes made in the peanut program as a result of this subsection requiring additional production or handling at the farm level shall be reflected as an upward adjustment in the Department loan schedule.

(2) EXPORTS AND OTHER PEANUTS.—The Secretary shall require that all peanuts in the domestic and export markets fully comply with all quality standards under Marketing Agreement No. 146.

(g) MARKETING ASSESSMENT.—

(1) IN GENERAL.—The Secretary shall provide for a nonrefundable marketing assessment. The assessment shall be made on a per pound basis in an amount equal to 1.1 percent for each of the 1994 and 1995 crops, 1.15 percent for the 1996 crop, and 1.2 percent for each of the 1997 through 2002 crops, of the national average quota or additional peanut loan rate for the applicable crop.

(2) FIRST PURCHASERS.—

(A) IN GENERAL.—Except as provided under paragraphs (3) and (4), the first purchaser of peanuts shall—

(i) collect from the producer a marketing assessment equal to the quantity of peanuts acquired multiplied by—

(I) in the case of each of the 1994 and 1995 crops, .55 percent of the applicable national average loan rate;

(II) in the case of the 1996 crop, .6 percent of the applicable national average loan rate; and

(III) in the case of each of the 1997 through 2002 crops, .65 percent of the applicable national average loan rate;

(ii) pay, in addition to the amount collected under clause (i), a marketing assessment in an amount equal to the quantity of peanuts acquired multiplied by .55 percent of the applicable national average loan rate; and

(iii) remit the amounts required under clauses (i) and (ii) to the Commodity Credit Corporation in a manner specified by the Secretary.

(B) DEFINITION OF FIRST PURCHASER.—In this subsection, the term “first purchaser” means a person acquiring peanuts from a producer except that in the case of peanuts forfeited by a producer to the Commodity Credit Corporation, the term means the person acquiring the peanuts from the Commodity Credit Corporation.

(3) OTHER PRIVATE MARKETINGS.—In the case of a private marketing by a producer directly to a consumer through a retail or wholesale outlet or in the case of a marketing by the producer outside of the continental United States, the producer shall be responsible for the full amount of the assessment and shall remit the assessment by such time as is specified by the Secretary.

(4) LOAN PEANUTS.—In the case of peanuts that are pledged as collateral for a loan made under this section, 1/2 of the assessment shall be deducted from the proceeds of the loan. The remainder of the assessment shall be paid by the first purchaser of the peanuts. For purposes of computing net gains on peanuts under this section, the reduction in loan proceeds shall be treated as having been paid to the producer.

(5) PENALTIES.—If any person fails to collect or remit the reduction required by this subsection or fails to comply with the requirements for recordkeeping or otherwise as

are required by the Secretary to carry out this subsection, the person shall be liable to the Secretary for a civil penalty up to an amount determined by multiplying—

(A) the quantity of peanuts involved in the violation; by

(B) the national average quota peanut rate for the applicable crop year.

(6) ENFORCEMENT.—The Secretary may enforce this subsection in the courts of the United States.

ADDITIONAL STATEMENTS

LIMITING STATE TAXATION OF CERTAIN PENSION INCOME—H.R. 394

• Mr. D'AMATO. Mr. President, I am pleased to support this bill and would like to clarify that the language contained in the proposed legislation adds to the types of retirement income eligible for exemption. This language clearly intends to exempt from tax nonqualified deferred compensation that constitutes legitimate retirement income. Because it affects retirement income, only income from qualified retirement plans and nonqualified retirement plans that are paid out over at least 10 years, or from a mirror-type nonqualified plan after termination of employment, is exempt from State taxation.

The language does not prohibit states from imposing an income tax on non-residents' regular wages or compensation. Cash bonuses or other compensation arrangements that defer the receipt of salary, bonuses, and other types of wage-related compensation that are not paid out over at least 10 years or from a mirror-type nonqualified retirement plan are not exempt from State taxation. One example would be if a salary is earned in a State by an individual, whether a resident or nonresident, but is voluntarily deferred for a few years until the individual exits the State, and then is paid over in a lump-sum, even while the individual is still employed by the company, that kind of payment should not qualify for exemption from nonresident taxation of pensions. It is the intent of this bill to permit the States to continue to tax this income, while protecting from taxation those deferred payments that are for retirement income, paid from plans designed for that purpose.●

CAMPAIGN FINANCE REFORM

• Mrs. MURRAY. Mr. President, I rise today to speak once again on the need to address an issue that continues to haunt the inner core of our political system: campaign financing laws.

Mr. President, we debate many issues in the U.S. Senate. We debate everything from national security to local roads and bridges. We spent a lot of time the past 12 months debating the need to balance the Federal budget and maintain access to health care services.

During these times, it always strikes me as I sit in the Senate Chamber that we do not debate these issues by ourselves. In fact, far more than just 100 Senators participate in these debates. We are joined by the thoughts and opinions of people representing special interests—some good, some not so good, in my opinion—who far too often today make large financial contributions in hopes of tilting the scales of Senate deliberations in their favor.

Mr. President, this is big a problem, and I'll tell you why. I urge my col-

leagues to look around their States and listen to the people. Voters in this country are angry, frustrated, and in general less than confident about the future. A series of articles has run in the Washington Post the past few days documenting this angst. But we don't need to read about it in the Post; we can see it and hear it in every town meeting, editorial board, and public event we attend.

I believe a lack of faith in Government lays at the root of peoples' concerns about the future. If people don't trust the politicians, how can they have faith in congressional decisions? When the agencies are forced to shut down, with absolutely no meaningful result, how can people have any other reaction than greater disaffection?

I firmly believe the Senate is filled with honorable, dedicated public servants. This Senate has been as passionate and principled as any in memory. But we could have 100 Jimmy Stewarts here in 1996, and the public would still question their character. Until we do something dramatic to address public confidence, we can expect the gap between the people and their government to widen.

There is nothing I can think of that would be worse for this country; for alienation breeds apathy, and apathy erodes accountability. America is the greatest democracy the world has ever known, and it was built on the principle of accountability: government of the people, by the people, for the people. We simply must restore peoples' faith in their government.

At the core of the problem is money in politics. Right now the system is designed to favor the rich, at the expense of the middle class. It benefits the incumbents, at the expense of challengers. And most of all, it fuels Washington, DC, Inc., at the expense of the average person on Main Street, U.S.A.

The average person feels like they can no longer make a difference in this system. Just the other day my campaign received a \$15 donation from a woman in Washington State. She included a note to me that said, “Senator MURRAY, please make sure my \$15 has as much impact as people who give thousands.” She knows what she is up against, but she is still willing to make the effort. Unfortunately people like her are fewer and farther between, and less able than ever to make that difference.

We see her problem when people like Malcolm Forbes, Jr., are able to use inherited personal wealth to buy their way into the national spotlight. Ninety-nine percent of the people in America could never even imagine making that kind of splash in politics. Are we to rely solely on the benevolence of the wealthy to ensure strong democracy in this country? I don't think that is what the Founding Fathers had in mind.

All of this occurs against the backdrop of a campaign finance system that hasn't been reformed since Watergate, over 20 years ago. I would even say
